(1) Decision of **25 September 2017**, of the DGPEyM

(2) The Fixed and Variable charges shall be updating passing on the modifications introduced by the Regulatory Body in the values of tolls and charges associated to third-party access to the gas installations, based on Order ETU 1977/2016. The Variable Charge shall also be updated quarterly by a formula index-linked to Brent and the USD/EUR exchange rate.

(3) The applicable variations that may arise in the regulated components, as well as any new ones that may appear, shall be passed on to the customer, both upward and downward (currently Order ETU 1977/2016).Likewise, the prices can be updated every 1 January with the value of the real CPI*.

* Latest year-on-year general national Consumer Price Index officially published at the time of the update.
