This offer requires subscribing online or via the Endesa App, signing up to the e-billing service, paying your bills by direct debit and carrying out all your processes online or via the Endesa App. Failure to comply with these conditions for the duration of the contract could entail the loss of the advantages associated with this offer.

Any variations to the regulated components that are applicable and new ones that may appear, shall be transferred to the customer both upwards and downwards. Any other charges made by the distribution company such as reactive energy, lease of metering equipment, rights, etc. shall also be transferred to the customer.

Likewise, the power terms and power units may be updated on 1 January each year, in accordance with the real value of the CPI (Last General Inter-Annual National Consumer Price Index published officially at the time of the update).

Schedule: The time periods correspond at all times with those of your access tariff. At present, off-peak hours (P2) are considered from 22h to 12h during winter time and from 23h to 13h during summer time, the rest are considered peak hours (P1).

Customer can choose between monthly and bimonthly invoicing (by default monthly, unless the supply was already in Endesa, in which case the previous periodicity will be respected).
